12 February 2007

Dear John and all the members of New Milton & District Round Table

We would like to say a huge thank you for the generous cheque you sent us at the request of the Conception organizers for **£3000.00**. Please could you pass on our sincere thanks to all the members of New Milton & District RT who gave up their free time to offer practical help at this event. Thank you so much for thinking of us; we are extremely grateful for your support and look forward to putting this wonderful amount towards granting some very special Wishes...

Last year was a landmark for the charity as we granted our 1000<sup>th</sup> Wish so as you can see by the numbers, there are many poorly children who come to us for help and still many more to reach out to. In 2006 members of Round Table have supported more than ever before in both donating and helping with wishes and we sincerely appreciate their involvement.

The costs of wishes keep rising each year and we always like to add a few surprises along the way to make it extra special which is why your donation is so important to us.

We are of course always looking for financial support, but we would also like to receive more introductions through our supporters as at present many of the Wish children are only brought to our attention by hospitals. The two main criteria are that the child's illness is life threatening, and that the Wish is truly the child's own. If you feel that you know of a child whom we may be able to help, my colleague Cathy would be very happy to have a preliminary chat at any time.

Please take a look at the RTCW website if you have not done so already, [www.rtcw.org](http://www.rtcw.org), which gives a real flavour of how the charity is growing and once again, thank you for your help. With your support we can continue to grant these all-important wishes for our very special children and their families.

With kind regards

Julie Atherton  
Fundraising Co-ordinator
